COAST CLIPPINGS.

Chickens in Grand Rondo valley are dying in large numbers, by what is known as the scab leg.

W. Larned of Placerville, Cal., was dangerously hurt a few days ago by a fall from a tree in his orchard.

Over one hundred Mormons passed, last week, through Mineral Park, A. T., en route to the Salt River valley.

Farmers in the hills south of Salem, Or., have lost quite a number of sheep lately by raids upon their flocks by wolves.

The value of the total ore product of the Hecla Company's, Lion City, M. T., mines to date is estimated at between \$5,000,000 and \$6,000,000.

Says the Jacksonville, Or., Times: The stages connecting with California are heavily loaded with mail almost every day, and passenger travel is also greater than can be accommodated.

The citizens of Cheney, W. T., have formed a corporation with a capital of \$2,000,000, to build a road from Farmington through Cheney and Medical Lake to the Big Bend country.

Some sacrilegious person lately entered the Baptist Church at West Prescott, A. T., opened the organ with a nail and totally demolished the keys, strings, etc., of the instrument, after which he tore to pieces a large map.

A Frenchman, living five miles from Tucson, came to town the other day and got drunk, then went home, shut his dog and chickens in his cabin, to which he set fire, and then put the muzzle of his gun into his mouth and blew off the top of his head.

C. L. Blakely, who runs a mill near Union, Or., lately saw a salmon try to jump the dam, and striking the water it was thrown on the bank. He put a plank on the bank to prevent their rolling back, and captures about 15 a night, which sell at 50c each.

J. W. Virtue, banker and assayer of Baker City, Oregon, bought in June a little over \$18,000 in gold dust, and since July 1st \$10,000. Mr. Virtue says the amount for July will reach \$35,000. The placer mines will make a splendid showing this season.

A Wyoming paper says: A year ago a Laramie Plains cattle man was offered a Utah herd and ranch for \$70,000, which offer was rejected. Since that the Utah man sold \$45,000 worth out of the herd, then sold the ranch for \$4,500, afterward put \$9,000 more into the herd and then sold it for \$140,000.

R. Grady, a clerk in the employ of J. S. Woods, Portland, Or., was arrested for embezzlement. Rumor has it that Grady, who had charge of the store, failed to make deposits in the bank during the time Mr. Wood was ill. A week ago Grady left town secretly and went to Kalama. The amount of his embezzlement is estimated at \$2,000.

Tramps are occasioning trouble at San Jose. They tear round town by day and sleep just outside the city limits at night, thus avoiding the city ordinance called "the barn law." [Over this way they reverse the order of things. They tear round town nights and sleep outside the city limits days, thus avoiding every unpleasantness for them.—ED. GAZETTE.] A dispatch from Nutt, N. M., says: Great excitement was caused in this vicinity by the discovery of new deposits of extraordinarily rich silver ore at Lake Valley, ten miles from here, in the Black Range. In one shaft of the Sierra mine a vein of chlorides and horn silver forty feet thick has been disclosed this week. The influx of prospectors is so large that hostile Apaches, who committed numerous outrages here last year, have fled from their camps and gone over the border. The Atchison, Topeka and Santa Fe railroad has laid out a branch road from here to Lake Valley, and the rush to the new mining district increases daily.

Mr. Arthur Fisher says: "I caught a very bad cold which settled into a severe case of rheumatism. I did not know what to do for it, so I resolved to purchase St. Jacobs Oil for trial. Happy thought. I began applying the Oil, and in two weeks was as well as ever."—Toronto (Canada) Globe.

WARNER'S SAFE KIDNEY-LIVER CURE

The Leading Scientists of To-day agree that most diseases are caused by disordered kidneys or liver. The discovery of Warner's Safe Kidney and Liver Cure marks an era in the treatment of these diseases. It is a POSITIVE remedy for all diseases that cause pain in the lower part of the body, for torpid liver, headaches, jaundice, dizziness, gravel, fever, ague, malarial fever and all difficulties of the kidneys, liver, and urinary organs. It is an excellent and safe remedy for females during pregnancy. It will control menstruation, and is invaluable for leucorrhoea or falling of the womb. As a blood purifier it is unequalled, as it cures the organs that MAKE the blood. This remedy, which has done such wonders, is put up in the LARGEST SIZED BOTTLES of any medicine on the market, and is sold by druggists and dealers at \$1.25 per bottle. For details, inquire for WARNER'S SAFE KIDNEY-LIVER CURE. It is a POSITIVE remedy.

THE RIVER AND HARBOR BILL.

That swindle known as the River and Harbor bill has been attracting much attention recently both East and West, and after its passage much comment was indulged in as to what the President would do. He sent his veto message to the House yesterday, and it was a source of much gratification to the people to know that he had the courage to stand to what he believed to be right, and put his foot on Congressional jobbery and extravagance. The statement was recently made in open Senate that the members of the Conference Committee had taken care of their own States "notably, conspicuously and shamelessly," the bill being characterized as a "degraded, base and shameful" one. The adjectives are perhaps more vigorous than choice, but they certainly give expression to a great deal of honest indignation which this monstrous offspring of log-rolling has excited in the public mind. Considering the solid satisfaction which an appropriation in the River and Harbor bill, carries with it to a favored district, and the difficulty of giving expression to the feeling which the bloated proportions of the bill awakens among the people at large, its passage over the President's veto is hardly to be wondered at.

EDITORIAL NOTES.

A considerable portion of the present session of Congress has been consumed by the House in the discussion of rules for the conduct of its business, yet August finds that body as liable to get tangled in its own methods as it was in the beginning of December, and in spite of the arrears of important business still awaiting action, in spite of the gradual disappearance of members and the certainty that adjournment must come from sheer exhaustion within the next ten days, there is no end to the fruitless talk about legislative precedents and rules which, introduced with a view of expediting business, prove in practice to be the most formidable obstacles to its progress.

A bill is before the Wyoming Legislature to give women all the political rights of men, and make them equal before the law with the sterner sex. It is claimed that twelve years' experience there of woman suffrage has been successful and proven its justice and feasibility.

What has Senator Powning's friend, "J. P." been doing to cause such a wave of excitement to pass through the brain of the ambitious young Statesman?

The war interest on Tennessee State bonds amounts to \$4,941,000.

A riot occurred at McKinney, Ill., last night, in which three negroes were shot, one of them being killed, and another mortally wounded. A large number of arrests were made.

Journals of all classes in New York are jubilant over the President's veto of the River and Harbor bill. The sun is almost beside itself with admiration and enthusiasm for Arthur.

The Merchants Exchange Bank Trouble. SAN FRANCISCO, August 2.

TO-DAY'S NEWS

Press Dispatches to Evening Gazette.

EASTERN.

The President Vetoes the River and Harbor Bill.

WASHINGTON, August 1. The President this morning vetoed the River and Harbor bill. His principal objection to the bill was that it contained appropriations for a purpose not for the common defense or general welfare, and which did not promote commerce among States; that the provisions are entirely for the benefit of particular localities in which it is proposed to make improvements. He regards such appropriations of public money as beyond the powers given to Congress by the Constitution.

ITS PASSAGE OVER HIS VETO IN THE HOUSE.

WASHINGTON, August 2. The House, by a vote of 193 to 60, passed the River and Harbor bill over the President's veto.

The announcement of the vote was greeted with applause. Cox suggested that the House adjourn sine die after such a vote. Aldrich and Murch, being paired with absentees, withdrew their votes, so the aggregate stands 122 to 59.

WASHINGTON, August 2. At the conclusion of the reading of the President's veto message a vote was taken in the Senate on the passage of the bill over the veto, which resulted as follows: Yeas, 41; nays, 16. So the bill has become a law.

A Notice from the Indiana Democracy.

INDIANAPOLIS, August 2. The Indiana State Democratic Convention met this morning. Chairman W. H. English said he was not a candidate for re-election or for any other office, and expressed a hope for harmony, and that the best man may be nominated. John R. Coffroth was made permanent chairman. Ex-Governor Hendricks submitted a platform which was adopted. It contains strong arraignment of the Republican party for corruption, usurpation, dishonest violation of the Constitution, frauds and perjury in 1876 and other sins, and calls upon the voters of Indiana to wipe out the stains of Dorseyism in 1880. It demands a reduction of taxes to the lowest possible point and necessary Civil Service reform. It denounces the Republican administration for neglect of duty toward imprisoned American citizens abroad. Other planks are the same as usual in like documents. A very strong presentment is, however, made against prohibition, but a desire is expressed to have the question voted on at a general election. A committee of temperance ladies presented a memorial, which was referred to the Committee on Resolutions. The Convention then nominated W. R. Myers Secretary of State, James H. Rice Auditor of State, and J. J. Cooper Treasurer.

Trouble in Indian Territory.

CHICAGO, August 2.

An Indian Territory special indicates that a tribal outbreak among the Creeks, bordering on a civil war, has occurred. The two factions are the Chickos and the Lands parties. Captain Scott, of the Chickos military service and several followers, were killed by the Lands party. The chief of the Chickos, thereupon ordered all able-bodied men in the nation to turn out and capture the murderers, and 400 responded, and are seeking the Lands' rendezvous in the interior, near En-faula. Reports of the result may come to-day or to-morrow. During the rebellion the Lands were loyal and the Chickos were Confederate.

A Destructive Water Spout.

MILLERSBURG, August 2.

The damage by the water spout yesterday is greater than was at first supposed. The storm was confined to an area of about six miles east and west and four miles north and south. This town is about in the center. It was the most devastating rain ever known. Although it lasted but three hours a hundred acres of potatoes were washed out, hay stacks swept away and other crops ruined. The Bowen coal mine filled with water so rapidly that the miners barely had time to escape. One old man named George Hoops saved himself by jumping on the back of a mule which swam out with him. An eye witness was astonished to see great waves, several feet high, roll over land which a few minutes before was parched from drought. No loss of life reported.

The Brutal Seaman on His Way Here.

NEW YORK, August 2.

Deputy Sheriff Ackerman, of San Francisco, arrived here to-day to take charge of the prisoner Wm. Watts, first mate of the ship Gatherer, recently extradited from England. Watts was turned over to the California official heavily manacled and he left the city with his custodian soon after.

The Lake Shore Railroad Collision.

CHICAGO, August 2.

The latest details from the Lake Shore and Michigan Southern Railroad collision at South Bend place the loss to the company at \$150,000, and say it may reach \$200,000. It seems that the accident was wholly due to the incompetency and gross carelessness of the employees of the company. Both trains were at full speed, with-

out the assurance of a clear track, and in the midst of a dense fog, when the collision occurred. The half-dozen or more bodies burned in the wreck are not yet recovered. The engines are demolished, and the entire mass of cars and valuable merchandise destroyed.

An Old and Well Known Hotel Closed.

NEW YORK, August 2.

French's Hotel is closed, and the boarders and lodgers have gone. All but one or two of the employees have been dismissed, and yesterday the trunks of the last goers were carried away. Since '49, when the house was built to compete with half a dozen famous old houses in the neighborhood, of which only the Astor House remains, its doors have not been closed, and its business suffered no interruption. It is closed now because of a disagreement between the owners of the estate.

Counterfeiters Jailed.

PHILADELPHIA, Ohio, August 2.

The notorious pair of counterfeiters, a father and son named Wright, were arrested by a United States officer at New Comerstown yesterday. But for the confession of other counterfeiters, implicating them, they might have continued the business indefinitely, as they ran it discreetly under cover of a jewelry, gunsmith and dental establishment. They were taken with proofs upon them, and the arrest is considered very important.

Resumed Operations.

PITTSBURGH, August 2.

The National Tube Works Company, of McKees Port, Pa., resumed operations with non-Union men this morning. All the departments are running short-handed, but the officers expect to have them full in a few days. There are no disturbances, the strikers evidently being desirous of committing no breach of the law. Crowds are standing around, but no trouble is anticipated.

Drowned by the Flood.

CINCINNATI, August 2.

Two women and five children were drowned in Mason county, Kentucky, by the flood last night, two miles west of Maysville. The house was torn to pieces by the flood, their husbands had a miraculous escape. The family of Richard Barnes, near Manchester, Ohio, was also drowned.

How They Voted.

WASHINGTON, August 2.

In the vote passing the River and Harbor appropriation bill over the President's veto, Representatives Rosecrans and Page voted with ayes, as did Senators Miller, Farley, George and Jones Fair was paired, but would have cast his vote similarly. The above are all the votes cast by the Pacific coasters.

Yellow Fever Reports.

AUSTIN, Texas, August 2.

Private reports from Brownsville state that yellow fever has broken out there. Dr. Swearing, State health officer, is satisfied of the fact and fearing an epidemic, has started to investigate the cause of the disease. The death rate at Matamoros is greater than at Havana.

Coming to this Coast.

WASHINGTON, August 2.

Attorney-General McCommon, of the Interior Department, has left Washington for the Pacific Coast, where he will inspect Indian supplies now being prepared for distribution among the Indians of that section. Upon completion of this task he will proceed to the Flat Head agency.

Yellow Jack in Texas.

GALVESTON, August 1.

A report from Matamoros says there are over 400 cases of yellow fever in the city. The sanitary condition is frightful.

LAREDO, Texas, August 1. One hundred cases of yellow fever are reported to-night—six of them fatal.

EGYPT'S TROUBLE.

Arabi Pasha Preparing Another Manifesto—Nineteen Non-Supporters of Arabi Shot—De Lesseps Wrongfully Reported.

PORT SAID, August 1.

The new Governor, in a circular to the foreign Consuls informing them of his accession to the post, says: "The good relations I formerly established with the Consuls lead me to hope your kindly assistance will not fail me,

especially in the most trying and difficult circumstances through which the country is now passing." The Consuls have agreed not to answer the circular. Arabi Pasha is preparing a counter manifesto to the Khedive's proclamation dismissing him.

ALEXANDRIA, August 2.

The advanced pickets of the Sixtieth Rifles, consisting of only six men and a Corporal, succeeded in driving the enemy off. It is reported that Arabi has ordered houses, obnoxious to the natives at Cairo, burned. Nineteen non-supporters of Arabi have been shot there.

A Scene of Confusion at the Meeting of Stockholders of the Merchants Exchange Bank—Departure of 500 Coolies.

SAN FRANCISCO, August 1.

At a meeting held by the stockholders of the Merchant's Exchange Bank to-night a very lively and exciting scene occurred. R. G. Sneath, the President of the meeting, attempted to vote some proxies. Strong objections were made, and the latter submitted the question to the stockholders, who decided he could not vote them. Sneath then said he had anticipated such proceedings on their part, and had taken steps to make the meeting illegal. A scene of confusion followed, during which several members applied abusive epithets to Sneath. A motion was made for the Vice-President, F. S. Chadborne, to take the seat, which prevailed. Sneath refused to surrender the seat when Chadborne went up to the desk, whereupon several members became excited, and kicking down the railing around the President's chair, forcibly removed him and installed Chadborne. As Sneath was leaving the room, he picked up a package of papers lying on the Secretary's desk, and started out. Loud cries were made for him to drop them, which he refused to do. Dr. Simpson sprang up and said, "I'll make him drop them," and advanced toward him. Sneath raised his hand as if to strike, when Simpson thrust his hand in his pocket and made a move to draw a pistol. Sneath then threw the papers down. Amid much excitement the stockholders proceeded to elect a new Board of Directors, and also a President of the Board. A formal demand will be made to-morrow morning to Sneath to relinquish his office. In answer to the question if he would surrender, Sneath said he would let the Directors know to-morrow morning.

The "City of Peking" sailed to-day for China. She took away 216 Chinese, most of whom took out return certificates. The British steamer "Anjer Head," will sail to-morrow with 502 Coolies, most of whom will be dropped at Honolulu.

A Malicious Trick.

WALLA WALLA, August 1.

Mrs. Affinger, wife of a respectable German farmer in Umatilla county, to-day committed suicide by strychnine. The tragedy was the result of a malicious trick on the part of some young men whom she had prevented from associating with her young daughter, and who in revenge accused Mrs. Affinger of perpetrating a petty burglarious larceny which had occurred in the vicinity. The charge unbinged her reason and caused the suicide.

A lively poker game was played yesterday, and two or three candidates won quite a nice little campaign stake. One gentleman picked up nearly \$300.
Grasshoppers have made their appearance in large numbers on the south side of the river, near the ranch of Joe Frey. They are not doing much damage, however.
Asa Dawson, Commissary at the Insane Asylum, had his nose badly peeled by an unruly crank last Saturday.—Carson Bee. That is a mistake, it was not peeled by a crank.
The military company is making splendid progress in drilling. Captain Moyer is executing the platoon movements now and he thinks by October the Reno Guard will turn out 40 of as well drilled men as ever shouldered a musket.

Carson Lively.

"Two faro banks running continually in Carson and both apparently well patronized. One cleaned up \$1,300 during the month of June." Thus merrily sings the Tribune. Considering the manner in which the faro dealers of that city conduct their games, \$1,300 is a small dividend. But it was probably all the money laid upon the table.

BORAX FOR THE WORLD.

How a Company of Capitalists Propose to Make Large Profits from the Waters of Pyramid Lake.
Pyramid Lake contains one quarter of one per cent. borax and one per cent. carbonate of soda, or one pound of borax and four pounds of soda to every 400 pounds of water. Dr. F. R. Waggoner has had his eye on the lake for several months, and at last the object of his frequent visits to its shores have leaked out. How the Doctor will like to have his pet scheme exposed the GAZETTE does not know, but having found out what he intends to do, the public gets the benefit of a GAZETTE reporter's inquisitiveness, and if anybody has any objection to Waggoner's project let them be recorded at an early day. Dr. Waggoner, it is said, has organized

A COMPANY OF CAPITALISTS

To erect works and carry on the manufacture of borax on a very extensive scale. The company will be known as the "Pyramid Lake Borax and Desert Land Company," and it is their intention to apply to the Secretary of the Interior for the privilege of turning the course of the Truckee river into Mud Lake, thereby shutting off the source of fresh water supply from Pyramid Lake. There is already an open channel from the river at a point one or two miles from its mouth to Mud Lake, and about one-third of the water empties into that lake now. After the river is turned the company proposes to evaporate the waters of Pyramid by solar evaporation. They calculate that in ten years the lake will evaporate 800 feet, or one inch every 24 hours. At the expiration of that time large borax works will be erected at the lake and the water will be pumped into large zinc vats, and by

ARTIFICIAL EVAPORATION

They will be enabled to supply the world with borax. It is the intention of the company to devote their time and a large amount of money to the reclamation of desert land made valuable by changing the course of the river, while waiting the process of evaporation. Hundreds of thousands of acres of desert land can be made into magnificent farms by this means. The proposition may seem a gigantic undertaking, and perhaps a little visionary, but nevertheless it is possible, and time and money is all that is required to carry it out.

ACCIDENT AT TAHOE.

Frank Hughes Hit by a Stick of Wood at Lake Tahoe, and Seriously Injured.

Frank Hughes, an employe at Marlette & Folsom's camp at Lake Tahoe, and well known here, was very seriously injured about 11 o'clock Sunday morning. He was engaged in running wood down a dry chute, one of the feeders of the main flume, and a jam had occurred, which had to be cleared. Frank gave orders to the Chinamen above, not to put any more wood in until he had broken the jam. While Hughes was in the chute clearing away the jam, the Chinamen above dropped in two sticks of wood, and before Frank could get out of the way one of the sticks struck him in the small of the back, cutting a deep gash in the flesh and just grazing the spine. The injured man was taken to Carson to the residence of his father-in-law, Mr. Small. The injury is a very painful and serious one, from the fact that the injured parts may become paralyzed.

The Paxton-Emerson Wedding.

The wedding of Mr. Blizz Paxton, for several months a resident of Reno, son of Mr. John A. Paxton, the banker, and Miss Bessie Emerson, of New York, took place, last Thursday, at the residence of the bride's sister, Mrs. Warfield, at Healdsburg, Cal. Miss Emerson, who spent last winter in San Francisco, is a sister of Mrs. M. H. Warfield. Mr. Paxton is junior member of the Front street, San Francisco, fruit and commission house of George W. Meade & Co. The ceremony was performed at noon by the Rev. Mr. Burnett, at Healdsburg. It was a very quiet affair, only those being present who were closely connected with the family. The family, the officiating minister, Mr. Morgan Hill, of San Francisco, and Mr. Polhemus, of San Jose, were alone present. The bride wore her traveling suit, and immediately after the congratulations which followed the ceremony, a collation was partaken of and the young couple took the afternoon train the same day for San Francisco. The presents were of great beauty and value, one being a check for \$20,000. Mr. and Mrs. Paxton are now in Los Angeles, but upon their return will be at home at the Palace, San Francisco.

High-Toned Freight on Route.

A car in yesterday morning's west-bound freight train, from which some Reno freight was taken, contained five or six large-sized boxes heavily bound with iron straps, shipped from Boston, and consigned to "His Excellency, the Emperor of Brazil, via Honolulu." Dom Pedro is furnishing his mansion with furniture from this country, and the lot of freight is part of his outfit.

Death at Truckee.

McClara Barbara, the second daughter of Joseph Marzen, Jr., died at Truckee yesterday of scarlet fever. The funeral took place at Truckee to-day.

FINLEN IN TROUBLE.

He is Indicted by the Storey County Grand Jury for Obtaining Money Under False Pretenses.
The Storey County Grand Jury on Monday brought in an indictment against Miles Finlen for obtaining money under false pretenses, alleged to have been committed as follows: That on or about the first day of May last Miles Finlen falsely pretended to Matt Canavan, Thomas Gallagher, W. J. Sheridan and D. H. Fraser, members of the Board of County Commissioners, that one M. Murphy had worked 26 days on the streets, and that Finlen presented to the Board of County Commissioners the following statement:

Storey County, Nev., Virginia, May 1, 1882.—The County of Storey to M. Murphy, debtor, to 26 days work on streets. \$78. Correct.

The amount claimed was sworn to by Miles Finlen and the money paid by the County Treasurer. The indictment alleges that Murphy worked but five days, for which he was entitled to but \$15, instead of \$78, and that Finlen converted the \$63 to his own use. Miles Finlen was arrested last evening and released on \$1,000 bail, P. E. McCourt and Thomas Freshill being accepted as sureties.

Finlen was arraigned in the District Court Tuesday forenoon and given till Saturday next to plead.

Unfurls His Banner.

Sheriff W. A. Walker, in a card in the GAZETTE, announces himself as a candidate for re-election, subject to the decision of the Democratic County Convention. Mr. Walker has filled the office for nearly four years, and has made, as everybody knows, one of the best officers Washoe county has ever had. His party will, no doubt, honor him with the nomination, and they would have to look a long while to find a better man. Mr. Walker has been a faithful, honest and very competent Sheriff, and if the Republicans "weigh his sugar," they will have to put up a very popular man, and one in every way qualified to fill the office. Washoe's present Sheriff has a record that he can point to with pride, and one that will make him lots of votes.

A Productive Garden.

Dr. Hutchinson, the dentist, planted a patch of land 100 feet long by 25 feet in width to peas last Spring. He has gathered and sold 1,100 pounds from the land besides what he has used in his own family and given away, and has 500 pounds more on the vines. Hutchinson got six cents a pound for what he sold and thinks he will find no trouble in selling 500 or 600 pounds more at that price, which will give him a clear profit of nearly \$100 from less than an acre of ground.

The North-End Mine.

The dip of the ore at the bottom of No. 1 winze on the 2,700 level of the Mexican mine has changed and is now strongly to the east. If the dip shall continue as it is it will soon carry the ore across the winze. The south drift on the 2,600 level of the Union Con. is still cutting bunches of ore. On the 2,900 level the south drift in Union ground is showing quartz in the face, and on this level the ground in the joint Sierra Nevada and Union cross-out looks very favorable.

The Northern Stage Line.

J. E. Calderwood has everything connected with the Reno, Surprise Valley and Goose Lake stage line working in good order again. The stages leave Reno every morning (Sunday excepted) at 7 o'clock. He connects at Cedarville with the stage for Alturas. The company's office is at T. K. Hymer's stable and any orders for freight or passage will be carefully attended to by leaving word at the Truckee Stable. Read Mr. Calderwood's advertisement.

An Aboriginal Masher.

On Sunday a powerful Indian from Washoe City, got very drunk in Carson, and while under the influence of the liquor, he was earnestly bent on making love to all the squaws he met. His conduct aroused the jealousy of quite a number of young Carson bucks, and about dusk he was smuggled to the outskirts of town, where he was unmercifully beaten by the offended Indians.

Mint Deposits.

An erroneous impression that all the operations at the Carson Mint have been suspended seems to exist. Deposits are received and paid for as usual, only a portion of the operating force being suspended for the temporary lack of funds in the appropriation for wages.

Case Continued.

The case of the State vs. Jerry Raycraft, charged with cutting Sheriff Williams in Genoa, Douglas county, came up before Judge King Monday. An objection was raised to the panel of the jury and sustained, and the case continued for one week. The jury was discharged and a new venire for 100 issued, returnable next Monday.

Beef For Stockton.

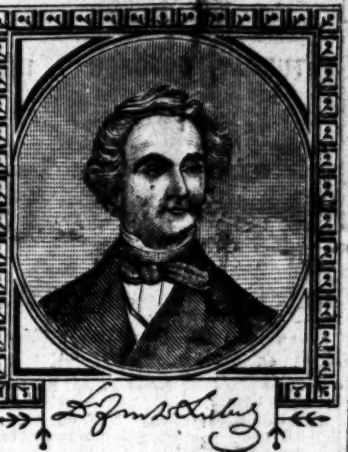

Louis Dean will start a drove of 500 head of beef cattle from Wards range at Buffalo Meadows on the 10th inst. for Stockton, going overland by the way of Webber Lake and Sierra Valley. He expects to make the drive in 20 days.

Dangerously Ill.
Mrs. A. Y. Burney, from Genesee valley, Plumas county, Cal. (accompanied by her husband and her father A. J. Nelson) is lying dangerously ill with dropsy at the Golden Eagle Hotel. Dr. Bishop is attending the unfortunate lady, and all that kind relatives and sympathizing friends can do, is being done.

Sad News.

The wife of M. J. Curtis, the architect on the Asylum building, died yesterday in the Eastern States. Mr. Curtis is at the Antelope mine and has not yet heard the news.

LIEBIG MALT-EXTRACT.

RECOMMENDED BY PHYSICIANS

of the highest eminence on both sides of the Atlantic as an invigorant and restorative in cases of General Debility, Nervous Prostration, Exhausted Constitution and Female Weakness.

NURSING MOTHERS

who suffer from poverty of milk, will find it a specific for their trouble. It stimulates the digestion, sharpens the appetite, invigorates and builds up the entire system, and restores a generous flow of milk.

WEAK AND SICKLY CHILDREN

who suffer from indigestion and weakness, the result of disease, over-study, or nervous strain, will derive substantial benefit from its use. It restores the system to its normal condition and brings back the bloom of youth.

INVALIDS AND CONVALESCENTS

will find it admirably adapted for sustaining life, and restoring lost strength. When the stomach is weak and refuses other nourishment the Extract will prove an excellent substitute for food. It neither pills nor purges nor offends the taste.

DELICATE FEMALES

who suffer from the weakness of their sex, will derive lasting relief from its use. It improves the digestion, purifies the blood, stimulates the appetite, and restores the system to its normal condition.

WEAK AND DELICATE PERSONS GENERALLY

who require some artificial restorative, and especially those who are inclined to Consumption, will find this preparation exactly suited to their needs. It is a specific for the Cough and Nervous Affections usually incident to a low state of the system.

AS A FLESH RESTORER

it possesses the highest value. The whole tendency of its action is to stimulate the digestive and assimilative powers, and its effect is invariably to give fullness and roundness to the female form, and robustness to the masculine frame.

THE LIEBIG MALT-EXTRACT

is a pure concentrated Food Extract of Malt, accessible to the taste, and free from alcohol. It is readily retained on the stomach and contains none but wholesome and nourishing ingredients. The genuine preparation bears on the label a fine engraved portrait of Baron von Liebig, and a reference to his signature, as well as that of A. VOGLER & CO., Barmen, Prussia, Sole Agents for America.
